

CAMP PERMISSION LETTER

Date: 17/9/25

To,

The Principal/ Head Master

MPS govt.
school
Nandur.

(Subject: Regarding conduct of dental camp in your school)

Respected sir/ madam,

The department of public health dentistry , HKE'S S Nijalingappa Institute of Dental sciences & Research, Kalaburagi has been playing a vital role in improving dental health education by conducting various school dental programs and camps in & around kalaburagi. These school dental health education camps bear a long lasting impact on the children's life for improving their oral and general hygiene, which in turn improves their quality of life. We provide dental screening/ check up of the individual child, educate correct tooth brushing techniques, educate the ill effects of tobacco, promote general hygiene and saving the environment. Hence we would like to seek your permission & cooperation in conduct of dental screening and education camp in your school premises on your convenient dates by our team of interns/ house surgeons of our institution.

Thanking you,

Department of Public Health Dentistry

CAMP PERMISSION LETTER

Date: 26/06/2025

To,

The Principal/ Head Master

GOVT. HIGHER PRIMARY
AND HIGH SCHOOL,
RAJAPUR

(Subject: Regarding conduct of dental camp in your school)

Respected sir/ madam,

The department of public health dentistry , HKE'S S Nijalingappa Institute of Dental sciences & Research, Kalaburagi has been playing a vital role in improving dental health education by conducting various school dental programs and camps in & around kalaburagi. These school dental health education camps bear a long lasting impact on the children's life for improving their oral and general hygiene, which in turn improves their quality of life. We provide dental screening/ check up of the individual child, educate correct tooth brushing techniques, educate the ill effects of tobacco, promote general hygiene and saving the environment. Hence we would like to seek your permission & cooperation in conduct of dental screening and education camp in your school premises on your convenient dates by our team of interns/ house surgeons of our institution.

Thanking you,

ಮುಖ್ಯಸ್ಥರು

OUT REACH PROJECT

Objectives of the conducting camp:

- To create awareness about oral health among the children
- Provide the counseling to them on basic health care and oral hygiene

A screening and treatment camp was done on 19/06/2025 at The Aditya Birla Public School, Malkhed, Kalaburgi district. After the official formalities consent was obtained from higher authorities. A team consisting of five doctors, one attender and one driver was assigned to deliver services through an out reach program guided by Dr. Subash Patil and Dr. Naveen Karbari Dr Ambika. The team left college on 19/06/2025 at 10:00 am and reached the venue at 11:00 am.

The screening of subjects started by 11:30 am and continued till 1:30 pm. Most of them suffered from dental caries. Total number of screening happened to be about 100 at the camp and few were referred to H.K.E.S.'s S.S. Nijalingappa dental college Kalaburgi for necessary treatment. Team left by 3:00 pm.

OUTREACH PROJECT REPORT

Objectives of the Camp:

- 1. To create awareness about oral health among children.**
- 2. To provide counseling on basic healthcare and oral hygiene.**

A screening and treatment camp was conducted on 12/7/2025 at Navajyoti English Medium School, Kalaburagi.

Prior permissions and consent were duly obtained from higher authorities before the commencement of the program.

A team of six interns - Chanshetti Soundarya, Neeraj, Narendra, Bhavna, Shruti, and Deepti - participated in the camp.

One attender and one driver were assigned to assist in delivering the services.

The team departed from the college at 11:00 a.m. and reached the venue by 11:15 a.m.

Screening began at 11:30 a.m. and continued until 12:45 p.m.

A total of approximately 80 students were screened.

- A majority of children were found with dental caries and generalised stains.

- One case of cleft palate was identified.

- Around 3-4 children presented with Ellis fractures (traumatic dental injuries).

Children requiring further treatment were referred to H.K.E.S's S. Nijalingappa Dental College, Kalaburagi for necessary follow-up and management.

OUT REACH PROJECT

Objectives of the conducting camp:

- To create awareness about oral health among the children
- Provide the counseling to them on basic health care and oral hygiene

A screening and treatment camp was done on 23/06/2025 at Govt. Model Primary School, Sardagi, Kalaburgi district. After the official formalities consent was obtained from higher authorities. A team consisting of five doctors, one attender and one driver was assigned to deliver services through an out reach program guided by Dr. Subash Patil and Dr. Naveen Karbari Dr Ambika. The team left college on 23/06/2025 at 12:00 pm and reached the venue at 12:20 pm.

The screening of subjects started by 12:30 pm and continued till 2:30 pm. Most of them suffered from dental caries. Total number of screening happened to be about 100 at the camp and few were referred to H.K.E.S.'s S.S. Nijalingappa dental college Kalaburgi for necessary treatment. Team left by 3:00 pm.

The Principal/ Head Master

NAUGHTY KIDS
SCHOOL VIDYANAGAR
KALBURAGI

(Subject: Regarding conduct of dental camp in your school)

Respected sir/ madam,

The department of public health dentistry, HKE'S S Nijalingappa Institute of Dental sciences & Research, Kalaburagi has been playing a vital role in improving dental health education by conducting various school dental programs and camps in & around kalaburagi. These school dental health education camps bear a long lasting impact on the children's life for improving their oral and general hygiene, which in turn improves their quality of life. We provide dental screening/ check up of the individual child, educate correct tooth brushing techniques, educate the ill effects of tobacco, promote general hygiene and saving the environment. Hence we would like to seek your permission & cooperation in conduct of dental screening and education camp in your school premises on your convenient dates by our team of interns/ house surgeons of our institution.

Thanking you,

H.K.E. SOCIETY
KALABURAGI, KARNATAKA.

Sub: Request to conduct a Free Dental Check-up Camp in Our School.

Respected Sir,

The Chandrakant Patil Central School is always strived to create a nurturing environment that promotes academic excellence, moral values, and holistic development. We continue to uphold the ideals of discipline, respect, and lifelong learning. Our school belongs to S.B.Patil Group which has presence in the diversified field of manufacturing units to educational institutions having significant presence for more than 5 decades. The S.B.Patil group is having 4 Schools and a PU College comprising of Science and Commerce.

As a part of our regular schedule, we invite you to support in conducting a free dental check-up camp in our school for students LKG to X (Approximately 600). The aim of this initiative is to promote oral health awareness and encourage good dental hygiene practices among our students.

We would be grateful if a team of dental professionals could visit our school between 03-11-2025 and 05-11-2025 to carry out the check-up during school hours 09:00 A.M. to 02:00 P.M. The camp would be a valuable opportunity for early detection of dental issues and to educate students of proper oral care.

We look forward to your positive response and support in organizing this health initiative.

Thank you for your time and consideration.

(Subject: Regarding permission to conduct dental camp in your school)

Respected Sir/ Madam,

The *Department of public health dentistry, HKE'S S Nijalingappa Institute of Dental sciences & Research, Kalaburagi* has been playing a vital social role in improving the dental health education by conducting various school dental programs and camps in & around kalaburagi. These school dental health education camps bear a long lasting impact on the children's life for improving their oral and general hygiene, which in turn improves their overall quality of life.

We undertake dental screening / checkups of the individual child, educate correct tooth brushing techniques, educate about the ill effects of tobacco, promote general hygiene & saving the environment. Hence we would like to seek your permission & cooperation in conduct of dental screening and education camp in your school premises on your convenient dates by our team of interns/ house surgeons of our institution.

Thanking you,

Naughty Kids

NSS UNIT OUTREACH PROJECT

Objectives of Conducting the Camp:

- To create awareness about oral health among children
- To provide counseling on basic healthcare and oral hygiene practices

A dental screening and treatment camp was organized on 25/02/2026 at the Malikarjun Kharge Higher Primary School, Tarfile, Station Bazar, Kalaburagi District. After completing all official formalities and obtaining consent from the concerned authorities, a team of three doctors was deputed to carry out the outreach activities. The program was conducted under the guidance of Dr. Subash Patil, Dr. Naveen Karbari, and Dr. Ambika.

The team departed from the college at 02:00 PM and reached the venue at 02:15 PM. The screening of students commenced at 02:20 PM and continued until 03:30 PM. During the camp, a majority of the children were found to be suffering from dental caries.

A total of 74 students were screened. Those requiring further treatment were referred to H.K.E.S.'s S. Nijalingappa Dental College, Kalaburagi, for appropriate care and follow-up.

The camp concluded successfully, and the team departed from the venue at 03:45 PM.

(Subject: Regarding conduct of dental camp in your school)

Respected sir/ madam,

The department of public health dentistry, HKE'S S Nijalingappa Institute of Dental sciences & Research, Kalaburagi has been playing a vital role in improving dental health education by conducting various school dental programs and camps in & around kalaburagi. These school dental health education camps bear a long lasting impact on the children's life for improving their oral and general hygiene, which in turn improves their quality of life. We provide dental screening/ check up of the individual child, educate correct tooth brushing techniques, educate the ill effects of tobacco, promote general hygiene and saving the environment. Hence we would like to seek your permission & cooperation in conduct of dental screening and education camp in your school premises on your convenient dates by our team of interns/ house surgeons of our institution.

Thanking you,

LETTER FOR DENTAL CAMP PERMISSION

Date: 21/02/26

To,

The Principal/ Head Master

Nakshatra Preschool
Jayanagar Badam Row
Kalaburagi

(Subject: Regarding permission to conduct dental camp in your school)

Respected Sir/ Madam,

The **Department of public health dentistry, HKE'S S Nijalingappa Institute of Dental sciences & Research, Kalaburagi** has been playing a vital social role in improving the dental health education by conducting various school dental programs and camps in & around kalaburagi. These school dental health education camps bear a long lasting impact on the children's life for improving their oral and general hygiene, which in turn improves their overall quality of life.

We undertake dental screening / checkups of the individual child, educate correct tooth brushing techniques, educate about the ill effects of tobacco, promote general hygiene & saving the environment. Hence we would like to seek your permission & cooperation in conduct of dental screening and education camp in your school premises on your convenient dates by our team of Interns/ house surgeons of our institution.

Thanking you,

Nakshatra International School
for Kids

OUT REACH PROJECT REPORT

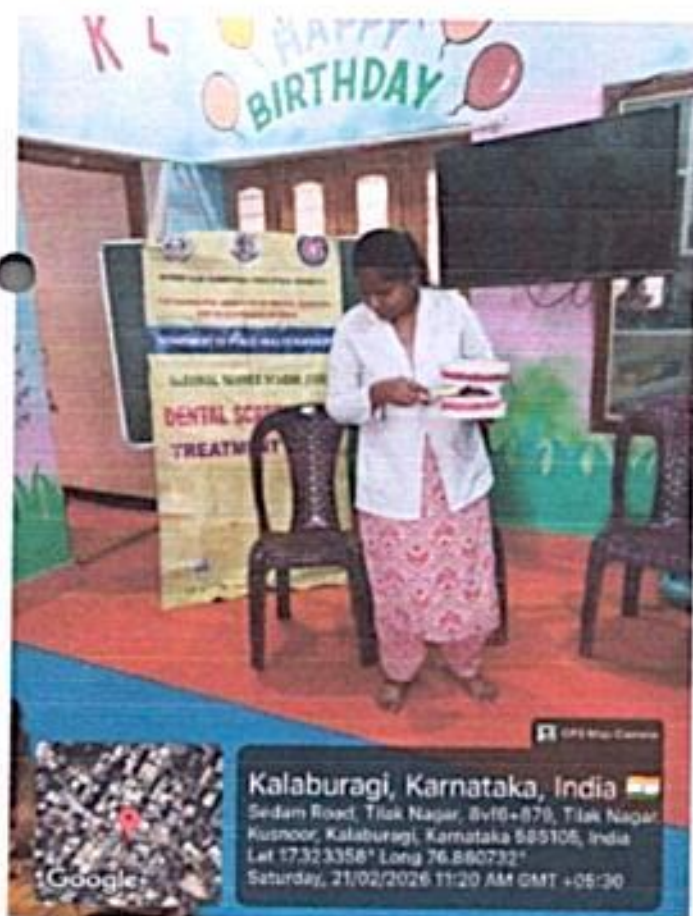

Objectives of the conducting camp

- 1) To create awareness about oral health among the children.
- 2) Provide the counseling to them on basic health care and oral hygiene.

Screening and treatment camp was done on 21/02/2026 at Nakshatra International School. After the official formalities consent was obtained from higher authorities.

A team consisting of 3 interns shweta , prajwal , sanskruti one attender and one driver was assigned to deliver services through an out reach program guided by Dr subhash Patil, Dr.Naveen karbhari, Dr ambika. The team left college on 21/02/2025 at 11:00 AM and reached The venu at 11:10 AM .

The screening of subjects started by 11:15 am and continued till 12:00 PM . Most of them suffered from dental caries. Total number of screening happened to be approximately 100 at the camp and those who were in need they were referred to H.K.E.S. NIJALINGAPPA DENTAL COLLEGE KALABURGI for necessary treatment. A screening and treatment camp was done on 21/02/2026.

Date: 09/03/2024

To,

The Principal/ Head Master

SVM Convent School
M.B. Nagar
Kalaburagi

(Subject: Regarding permission to conduct dental camp in your school)

Respected Sir/ Madam,

The **Department of public health dentistry, HKE'S S Nijalingappa Institute of Dental sciences & Research, Kalaburagi** has been playing a vital social role in improving the dental health education by conducting various school dental programs and camps in & around kalaburagi. These school dental health education camps bear a long lasting impact on the children's life for improving their oral and general hygiene, which in turn improves their overall quality of life.

We undertake dental screening / checkups of the individual child, educate correct tooth brushing techniques, educate about the ill effects of tobacco, promote general hygiene & saving the environment. Hence we would like to seek your permission & cooperation in conduct of dental screening and education camp in your school premises on your convenient dates by our team of interns/ house surgeons of our institution.

Thanking you,

Dr. J. Patil

NSS UNIT OUTREACH PROJECT

Objectives of Conducting the Camp:

- To create awareness about oral health among children
- To provide counseling on basic healthcare and oral hygiene practices

A dental screening and treatment camp was organized on 10/03/2026 at the Spoorthi Pre Primary School, KGP Layout, Kalaburagi. After completing all official formalities and obtaining consent from the concerned authorities, a team of three doctors was deputed to carry out the outreach activities. The program was conducted under the guidance of Dr. Subash Patil, Dr. Naveen Karbari, and Dr. Ambika.

The team departed from the college at 09:30 AM and reached the venue at 09:45 AM. The screening of students commenced at 10:00 AM and continued until 12:30 PM. During the camp, a majority of the children were found to be suffering from dental caries.

A total of 52 students were screened. Those requiring further treatment were referred to H.K.E.S.'s S. Nijalingappa Dental College, Kalaburagi, for appropriate care and follow-up.

The camp concluded successfully, and the team departed from the venue at 12:45 PM.

(Subject : Regarding conduct of school dental camp)

Respected sir/ madam,

The Department of Public Health Dentistry, HKE'S SN Institute of Dental Sciences and Research, Kalaburagi has been conducting and organizing various school dental programs and camps in and around the kalaburagi as a part of awareness towards dental and general health. We have been in the society and stressing more on the schools which provide a good platform to educate the children to be carried throughout the life. Hence we would like to seek your cooperation in conduct of dental screening and education regarding dentistry by a team of doctors from our institution.

Thanking you,

Dr Subhash Patil
